RUBY'S 9.9.9 DELIVERY

EXCLUSIVE by Karen Davis

YOUR dad and granddad are both policemen. What should your birth date be? 999 of course.

Little Ruby Melanie Barber was born at Southend University Hospital on Wednesday, September 9 (09/09/09), and proud parents Dee Goodwin and Dan Barber, from Shoeburyness, could not be happier.

The arresting bundle of joy arrived by caesarean section, weighing in at a healthy seven pounds 14 ounces.

Mum Dee, 25, a dispensing optician, said: "We are absolutely delighted. We have a gorgeous daughter and no one will ever forget her birthday.

"I feel a bit sore but it's nothing when I look at my beautiful daughter who was born on such a special day."

Medical staff tried their hardest to perform the operation at nine minutes past nine, but were unable to do it due other arrivals. Ruby checked in at eight minutes past ten.

Dan, 27, who has been a Police Constable at Southend Police for the last four years, explained that Ruby was due on September 11, but unfortunately she was lying in a breech position which means she would have been born feet-first.

Doctors decided that as the baby could not be turned, Ruby should make her appearance two days early.

Doting dad Dan said: "I am so pleased and proud. It has been a really great day.

"With both my Dad, and I being serving police officers, my little girl could hardly have a more appropriate birthday. It's an incredible coincidence."

Dan's dad Paul works at police headquarters in Chelmsford and is reeling with the shock of being a granddad twice in two days as Dan's sister Laura also gave birth in Newcastle on Monday.

Dan said: "All our family and friends are amazed that Ruby has such a memorable birthday."

Grandmother, Sylvia Goodwin, said: "We are delighted with new addition to our family - and we know that she will never forget her dad's work telephone number."

9.9.9 is known as a palindromic date, and to many numerologists the date has particular significance. Incredibly, it is also associated with justice and truth.

HELLO, HELLO, HELLO, BABY: Proud parents Dee Goodwin and Dan Barber with baby Ruby.

SUPER SCAN: Mum-to-be Charlotte James, 22, from Wickford, being scanned at Southend University Hospital's women's clinic by research fellow George Karagiannis.

New Down's Syndrome tests for mums-to-be at Southend

By Karen Davis

REVOLUTIONARY new tests are available at Southend Hospital offering pregnant women extra information about their unborn babies.

The Nuchal test is an ultrasound scan available on the NHS between weeks 11 and 14 of pregnancy.

It gives parents an early indication of Down's Syndrome by measuring the thickness at the back of the growing baby's neck.

The test is in addition to the detailed scan for structural abnormalities given at week 20 of pregnancy.

As the Nuchal test is conducted earlier, women receiving a positive result

from their screening test for Down's have more time to assimilate the information and plan ahead.

Dr Andrea Atherton, director of public health at NHS South East Essex which funds the service, said: "We are delighted to offer the Nuchal test to all mums-to-be.

"This early screening means we can offer the woman the right kind of support, whatever decision she reaches."

Mandy Waller, Southend University Hospital's antenatal and new-born screening coordinator, said: "This early screening test for Down's Syndrome has been received very positively by our women. We have already done more than 1,000 scans."

However, Ms Waller stressed that the test could only screen women who were more at risk of having a Down's baby. If they and their partners wished, they could then be referred to a specialist fetal medicine unit for prenatal diagnosis.

Any pregnant woman who does not register with the hospital in time for the screening will still be offered the 'quad' test at 15 to 20 weeks.

The hospital has been working closely with the world's leading expert in prenatal care, Prof Kypros Nicolaides, at the Fetal Medicine Foundation in London and skilled clinical fellows from the Foundation travel to Southend on a regular basis to perform the scan,

which takes approximately 30 minutes.

Liz Glenister, Southend University Hospital's head of midwifery and gynaecology, said: "We have enough screening slots for all women who want the test.

"The Nuchal test, in conjunction with the blood test taken at the same time, forms the gold standard for Down's screening. Eventually, our own sonographers will be trained to do the scan themselves."

Ms Waller urged all pregnant women to access the maternity services at the earliest opportunity - preferably before the 10th week of pregnancy - either via their GP or by calling the women's clinic at the hospital on 01702 385162.

Girl guide's birthday bash

By Karen Davis

MEMBERS of Girlguiding Essex South East joined over 550,000 girls and women in the UK's biggest birthday bash of the year at Belchamps campsite, Hawkwell, last week.

The event launched Girlguiding UK's Centenary celebrations, and was one of more than 500 taking place at the same time throughout the UK to mark the first 100 years of Guiding.

More than 3000 Rainbows, Brownies, Guides, Senior Section members, Adult volunteers, Trefoil Guild members and their guests gathered at the campsite for an afternoon of activities and fun.

The visitors took part in various activities including climbing, high ropes, crate stacking, pedal carts, bouncy castle, It's a Knockout, archery and abseiling.

The party, which started at 3pm and finished at 8pm, attracted more than 3,000 people aged from 5 to 85.

Everyone enjoyed a spectacular 20-minute celebratory firework display.

The event was visited by MP for Southend West and Girlguiding Ambassador, David Amess, who spent time talking to the girls about what they had been taking part in throughout the afternoon.

Megan Jackson, 12, from 4th Eastwood Guides, said: "I really enjoyed decorating cakes and had lots of fun on It's a Knockout playing all the team games with my friends. The best bit of the day

was the fireworks at the end because they were big and colourful.”

Becky Tompkinson, 21, Brownie Guider from Westcliff, said: "More than 3,000 females, who have all made their Guide promise, in one field was an amazing sight, especially when they were all smiling and happy."

Karen Packer, the Centenary Champion for Girlguiding Essex South East, said: "It was a brilliant day. It was fantastic to see 3,000 people

from the local area joining together for this huge celebration and enjoying themselves, and shows how well Guiding is doing in the local community.”

Girlguiding is always looking for adults to volunteer in running units, giving more girls and young people the chance to enjoy these opportunities and many more.

If you are interested in volunteering, or would like to join, call 07884465856.

Thefts of BMW car parts on the rise

POLICE in south-east Essex have noticed a trend surrounding the theft of BMW car parts in the region.

Since late July, nine offences have been reported whereby parts have been stolen from BMW cars from the Southend, Castle Point and Rochford council areas.

Police are keen to encourage motorists to be aware of this trend and report any information to them.

Chief Insp Andy Prophet said: "This is an unusual trend whereby it would seem BMW parts are being stolen to order, for the purpose of modifying other vehicles.

These distinctive parts must be turning up somewhere so if you can offer us any information to aid this investigation, we'd like to hear from you."

Eight of the nine vehicles targeted since July were models from the BMW Series 3 range.

The most popular parts appear to

be bumpers and trims with five of each item being stolen, but a number of other parts have also been removed, including a spoiler and a front grill.

The total value of the stolen items comes to almost £4,300.

Anyone with details can contact the police on 0300 333 4444.

Polish Arts Festival goes down a storm

By Karen Davis

SOUTHEND celebrated its Polish connections with its first ever Polish Arts Festival last weekend.

Southend Council, in partnership with Arts Council England and the Polish Cultural Institute, funded the festival, which was launched at the Kursaal

The three-day feast was organised by Hungry Arts to celebrate the very best of Polish culture and art, and the special relationship between Southend and both its Polish community and its twin Polish town, Sopot.

There was a Polski Picnic in the Park, a mobile Polish Tea House, art exhibitions, film screenings, theatre and dance

performances, workshops and football matches.

Councillor John Lamb said: "Southend-on-Sea Borough Council was delighted to be a part of the town's first ever Polish Arts Festival.

He said: "This event offered the residents of Southend the chance to taste the delights of Poland and experience their vibrant and exciting culture."

DANGEROUS: Councillor Mike Royston at the junction.

Calls to make road safe

A COUNCILLOR is urging Southend Council to take urgent action to make a dangerous bend in a road safer.

Councillor Mike Royston (Lab, St Luke's) is worried because of a sharp bend at the junction of Westbury Road and Cumberland Avenue is a hazardous blind spot for drivers.

He said: "Local residents feel

this has been the cause of a number of accidents that have happened at this location and they continue to see near misses."

At the moment there are not any warning signs to indicate that drivers are approaching a dangerous bend.

Mr Royston added that the nearby junction of Rylands

Road and Westbury Road also suffers from visibility problems, and is asking the council to look at this junction, too.

A spokesman for Southend Council said all concerns raised about road safety are investigated. If you have experienced problems using this stretch of road, contact Mr Royston on 01702 347472.

Start planning school places

By Karen Davis

PARENTS are being urged to start planning ahead to consider their children's primary and secondary school places starting next year.

Applications should be made in good time for places for children starting primary school in September 2010 or moving on to secondary schools in September 2010.

Southend Council's Pupil Access Team is preparing to handle more than 4,000 applications - 2,000 for secondary and 2,000 for primary school places.

The majority of families are now taking the opportunity to apply online at www.southend.gov.uk/admissions

More than 70 per cent of parents whose child started primary or secondary school in 2009 used the online facility to apply for their place, and most found it an easy-to-follow procedure.

This year, the online forms are even easier to use and the online process has already opened for use.

Parents not wishing to make an online application can complete paper application forms obtainable from the council.

The closing date for secondary school applications is Friday, October 30, and for primary applications, it is January 15, 2010.

On the offer day, parents who applied online will be emailed details of the school their child has been offered a place at, and they will have the opportunity to accept online.

Parents using the paper application forms will be notified of the school where their child has been offered a place by letter, sent by first class post, on the offer day.

Before making an application, either online or on paper, parents are advised to read the admissions literature and to visit schools on their open evenings and open days.

Southend Council's executive councillor for children and learning, Roger Hadley said: "Online admissions are proving increasingly popular and this year we are hoping to improve further on last year's uptake."

"We strongly advise parents to apply online as it is quick, safe and secure."

Further information about the school admissions process, and copies of the paper application form are available from the council on 01702 215000 or the council's Pupil Access Team on 01702 215007.

Alternatively, send an e-mail to admissions@southend.gov.uk

Invent a chant for your team

By Karen Davis

SOUTHEND Library is asking football fans to take part in this season's Get On National Football Chants competition, which encourages supporters to create a new football chant for their favourite club.

Entrants should pick up a free entry postcard from the Get On football book display at the Central Library during September.

The inventors of the best new chants will have the opportunity to win some 'back of the net' prizes including ten pairs of tickets to Coca-Cola Championship League One or League Two matches in the 2009-10 season.

The competition closing date is December 31.

People can put forward as many different football chants as they wish until that date - they just need to be new and created by the named entrant.

You can also enter the competition online and get top tips for writing the perfect football chant at the same time. Remember, it must be simple, memorable and easily learned and sung by the supporters. For more ideas or to listen to some of the winning entries from last season, visit www.direct.gov.uk/geton and click on the Footie Chant link.

Last year, the competition received hundreds of entries and the overall winner in a live 'chant off' was Terry Cockell, a

Southend United FC supporter who received a signed England shirt and the chance to record his chant with John Barnes.

The Get On Football Chant competition aims to encourage adults to recognise the ability they already have with words in their daily life, and to inspire those who need to brush up on their English or maths skills to do so and gain a qualification.

A WESTCLIFF High School for Girls pupil was one of the stars at a showcase of student's design and engineering talents.

Jessica Galsworthy (pictured) was a winner at the Big Bang 09 Day at Anglia Ruskin University in Chelmsford.

The day shows off the technology and design skills of more than 200 students from schools across the East of England.

In the Young Engineers' competition, Jessica topped the marketability section in the Post GCSE Year 12 category.

Her innovative project - a vegetable growing pack for children - was designed to encourage and retain children's interest in gardening, which is particularly apt in these tough economic times and when more people are thinking of

'going green'.

More than 20 schools' entries were judged and the prizes were presented by Alison Shilela, the Deputy Dean of Education at Anglia Ruskin University.

The event was also visited by Chelmsford Mayor, Councillor Tony Sach.

MEMBRANE ROOFING

lifetime guaranteed flat roofing

www.flatroofs.net

**Anti-Slip Finish
as Standard**

A FAILING FLAT ROOF: THE WARNING SIGNS

Due to the slow breakdown of a felt roof leaking water can often cause structural damage before the problem can be visibly detected. Look for signs of cracking around the edges, pipes, up stands and roof lights etc. Beware of blisters on the roof surface as they will eventually become brittle and crack. Is your roof attracting moss and algae further degrading the roof surface? It is important to note insurers will not pay for any external or internal damage caused by a leaking flat roof over 10 years old leaving the home owner with the financial burden.

It was 1999 that we first introduced the highest technology in flat roofing to the domestic market. Protan, our preferred Single-Ply membrane has a worldwide reputation with millions of square metres installed in all climates. With a proven track record stretching over 4 decades making it a safe and economic choice for the home owner.

THE HIGH TECH SOLUTION & ALL THE ANSWERS

With advanced technology a High Tech roof is dimensionally stable, solar reflective & 100% resistant to moss & algae growth. It is a maintenance free vapour permeable system and will never blister or become brittle and crack plus is unaffected by climate change, all joints are permanently welded. We will create a 100% storm resistant water-tight flat roof guaranteed for life never to leak. This roof system is the No 1 choice of leading architects, the roof has a unique anti slip finish making it safe to walk on at all times and offers real quality & value to the home owner.

Free course for parents

By Karen Davis

SOUTHEND Council is launching a free ten-week course for parents who are interested in supporting other parents in their local community.

'Me and My Community' has been designed as an introductory training programme to become a community peer support volunteer.

The course runs from Wednesday, November 4 to Wednesday, January 20, with weekly sessions being held every Wednesday between 9.30am-noon, with a two-week break over the Christmas period.

Participants firstly consider self-awareness and reflection, and are encouraged to recognise their existing skills, talents and potential, as well as other confidence building skills.

The second part of the course

focuses on the needs of the local community and opportunities for becoming involved.

The final part involves preparation for a peer support role in a centre/school based setting and focuses on the boundaries and responsibilities of the peer support role.

The Your Community Needs You course is free, and does not require qualifications.

It is suitable for any person that is experienced in carrying out a parenting role, including mothers, fathers, grandparents or carers. Participants must be able to fully commit to all ten sessions of the course, as well as being able to spare two to three hours on weekdays to support other parents once the course has finished for 12 months.

The Me and My Community course is being delivered at Blenheim Children's Centre and

is aimed at residents of Leigh, Belfairs, Chalkwell, Westcliff or Eastwood Wards.

There will be an informal coffee morning being held at Blenheim Children's Centre on Thursday, September 24 from 9.30am. The morning will include a short presentation by Celia Suppiah, the course facilitator, who will also be available for questions.

The family information service, SAVS (Southend Association of Volunteers) and the Adult College will also be present and will be available to talk to people about other services and opportunities within the Southend area.

To book your place on the coffee morning, or if you would like more information about the course, call 01702 392468 or e-mail fissos@southend.gov.uk or send a text to 07825 403 884.

Views needed on draft gambling policy

VIEWS are needed for Southend Council's new Gambling Act Policy Statement.

The council is developing the strategy to control betting, gambling and local lotteries and will be holding the consultation until Sunday, October 11.

Local councils are responsible for giving licences, permits and other approvals, some of which were previously issued by the courts.

Under the legislation, Southend-on-Sea Borough Council, as the Licensing Authority is required to

prepare and publish a statement of the principles that it proposes to apply when exercising its functions under the Gambling Act 2005 and must consult people about this.

Copies of the draft policy document are available from the Council's Licensing Team on 01702 534333 or via the council's website at www.southend.gov.uk or from the Customer Contact Centre at the Civic Centre in Victoria Avenue, Southend.

WHAT'S THE DIFFERENCE BETWEEN SPECSAVERS' HEARING AIDS AND OUR MAIN COMPETITORS'?

ACCORDING TO RESEARCH ANYTHING UP TO £2,600

At Specsavers, we know that most people who suffer from hearing loss do so in both ears. We also know that wearing one hearing aid when two are required could still leave you with problems, but some companies charge so much that buying two is prohibitively expensive.

We've changed all that, with two hearing aids for the price of one.

That means we offer outstanding value for money. Independent research shows that Hidden Hearing charges on average £3,869 and Amplifon on average £2,528 for two hearing aids, which would cost just £1,195 for comparable products at Specsavers.

You'll also benefit from professional advice from a Hearing Aid Audiologist, the latest digital technology, free fitting and aftercare, and 2 years' warranty.

Southend 10 Southchurch Road. Tel: 01702 603 000

Hearing Centres

Keydata research August 2009. For more information: www.specsavers.co.uk/compare. 2 for 1 on Specsavers' advance range. Both hearing aids for customer's sole use. Excludes other offers. Ends 2 January 2010.

Airport plans are doomed

IT seems that the plans to extend the Southend Airport runway are doomed to failure for political reasons.

The ruling Tory administration in Southend stand to lose seven or eight seats next May if they support the measure and therefore, any public money or time spent in discussing that option will be Council Tax wasted.

Can we be assured that our council, any quangos, consultants and the operating company will now concentrate on improving the prospect for the airport, with the existing runway?

Stop this 'free for all' in our skies

I WRITE with regards to local aircraft flights. We have reported before comments on the high level of aircraft flights over our area. Please see below comments on this I have received:

"Since last year, I have been observing the flights of aircraft. Did you know that since November 2008 our skies in Havering has not been clear of at least one airplane? And I challenge anyone to tell me

otherwise. These are mainly main airport flights and not those of the London City Airport, which are intermittent but fly right over our area flying west to east, and are fairly low and noisy.

Many of us have also been hit with a 'Double Whammy', first we have to tolerate the noise from the M25 and secondly the noise from these airplanes that are going over all the time. As one starts to leave another appears. I have counted nine all at once in our skies; I would say the worst time is between 11am to 2pm.

I give you an idea of my observations of how many planes are in our skies at one time daily:

- 1 plane 100 per cent
- 2 planes 80 per cent
- 3-4 planes 60 per cent

This is not counting the London City flights or local light aircraft that also use our skies.

It makes me wonder how much pollution is being pumped into the atmosphere and what it is doing to our health and environment. Why?

Because sometime in the 70s it was printed how concerned people were because of the amount of people that had a high lead count in their blood. It was not dangerous, but enough to cause concern.

Stacking of aircraft was the suspicion. Do you remember?

The other point I wish to make. Why is it that these planes are allowed to fly at heights so leaving vapour trails that obscure the sun. Surely

after bad weather we are entitled to the sun? There has been many a day when we have only a hazy sun due to these vapour trails. The last being July 4.

Something must be done to stop this 'free for all' in the sky, for the sake of the people and environment."

What are your thoughts on this? Please, drop me a line - 28 Derham Gardens, Upminster, RM14 3HA or e-mail me at bulletinra@yahoo.co.uk

The Poppy Appeal needs you

WITH regard to the letter from Mr Derick Atkins (YA Letters, Aug 26), it was as a result of the plight of thousands of men returning from the First World War that the British Legion was formed.

It did not become the Royal British Legion until 1971, when HM the Queen became Patron.

It is still there for the times when ex-servicemen and women find themselves in need of help - financial or otherwise - and over £88m was spent on welfare in the past year. Of this, about £30m was raised through the Poppy Appeal.

Though we have lost the last

First World War veteran now, the need is as great as ever.

This year, the two weeks of the appeal begins on Saturday, October 24, though donations are welcome all through the year.

Last year, over £15,000 was raised in Leigh and we hope people will be as generous once again.

It's time to wake up, Essex

I AM waiting, without much hope, for the sun to break through the clouds of lies and disinformation put about by the Western governments and the so called environmentalists, telling us that we are causing global warming.

Do people not know that the more CO2 we have the better it is for all life forms?

Do people not know that carbon dioxide increases after the planet gets warmer?

It has been like that since time immemorial, long before mankind was a twinkle in our planet's parental eye.

Yes! It is the Sun that warms and cools the earth. The rest is incidental.

If we could all watch what happens on the other moons and planets in our galaxy, we would find that the temperature changes on them match those on ours. No mankind there, as far as we know.

Wake up Essex, before your tax burden goes up by 20 per cent, in the name of this hopeless fight.

Well done

HOORAY for the NHS and all the staff at Southend Hospital, especially on Shopland Ward where as a patient I had a very successful hip operation on 7 July this year.

Many thanks to Mr Ravi and his excellent team including Dr D King, Dr Raja, Ms E Sevilla, Mr N Hills, Dr F Yau, Mr R Cruise, Ms C Tumlos.

Again I can't thank you all enough for the excellent care I received.

We should all do our bit for the bees

AS the son of a beekeeper, I was probably sadder than most to read James Mills's complaint (YA Letters, Aug 26) that the government is failing to meet the British Beekeepers' Association to

discuss the health threat to the honeybee.

One of my childhood memories is of driving bee colonies to Kent to pollinate the apple crop. I know just how valuable bees are to the economy.

There is no doubt the government should be supporting research into the diseases and parasites attacking our bee population. (I know that Vince Cable MP - who is keen to find savings in government spending - is clear that this is a priority.)

There is also a lot we could do individually, too. Cutting back (or eliminating) pesticide use is generally painless. Planting some of the plants that bees forage from can make the garden a brighter place. We should all do our bit.

Spirits were strong at smock mill

RECENTLY, I paid a visit to an old smock mill in Upminster which is over 200 years old.

I deliberately didn't read up on any of the history before my visit and was delighted to have much of the information I had picked up confirmed by one of the guides afterwards.

I felt very sad upon first walking inside and after looking at some photos on a display board at the rear of the entrance, I discovered the sadness I felt was related to a young soldier called Sid, whose parents had started the mill. He had died as a POW during the First World War.

On the second floor I felt the presence of a tall man; I knew he was tall because he touched the top of my head.

He was someone that had worked at the mill for many years and the energy felt very friendly like he enjoyed a laugh and a joke to help the day pass quicker.

Outside, where the original miller's house had stood I sat on a bench and was told 'I didn't want him to go'.

On asking further, I was told that a member of the family had a son out of wedlock and he was given up for adoption. The mother did not want him to go and regretted not being able to keep him but had to give in to others.

Behind the mill, I also felt the spirit of a baker who had committed suicide when his shop was demolished. This was particularly sad. He still lingered around to look after his shop that is no longer there.

The guide handed me a piece of wood from the original steps to the mill to hold. It felt warm and loved. I was reluctant to let it go!

What sort of society are we creating?

OMINOUSLY the UK population has reached 61 million and the births of migrant babies are soaring.

We are the second most populated country on earth.

With several million unemployed indigenous people, many of whom have never worked, it cannot be true that Britain could not cope without multitudes of foreign workers.

And for situations requiring higher qualifications, the number of university graduates outnumber appropriate vacancies.

Alarm should have been raised years ago spurring restrictive action against the huge number of bodies flooding into overcrowded little Britain.

Yet Brussels want their UK doormat to bear the tramp, tramp of many more feet from troubled parts of the world.

With an estimated population of 70 million within 20 years, what kind of hellish, divided society is being created for the present younger generations?

Derick W Atkins
Rainsford Way, Hornchurch

Are all bus drivers deaf?

DO the bus companies employ deaf inconsiderate drivers or are some of the drivers not paying attention?

I was coming back from Romford on a 103 bus and I intended to get off at the Cherry Tree which is an official stop, but the bus did not stop, so I rang the bell for the next request stop.

I heard it ring, but again it did not stop, so I rang the bell again for the next request stop (Dovers Corner).

When I asked the driver why he had not stopped at the previous request stop he just replied: 'Didn't hear the bell'.

ASK THE AGENT ALAN KIRKMAN

ALAN KIRKMAN is chairman of Essex TEAM - part of the UK's largest branded network of independent estate agents, with 50 computer-linked offices across the county and 500 more nationwide. Managing Director of Tudor Estates in Southend, Alan has been an Estate Agent for over 25 years.

Q. I have only been on the market a couple of days, I've had one viewing and they have made an offer. Does this mean my property was undervalued?

A. I can understand why you might think so. In fact, you probably won't be surprised to learn that this is one of the commonest issues that people raise. Which is interesting, when you think about it. After all, if something is offered for sale - particularly given the current state of things - and it's snapped up straight away, then it would normally be reasonable to assume that the seller would be absolutely delighted! But instead - this being the property market, and human nature being what it is - it's immediately tempting to believe that we could all have got a higher price.

And of course, that may be true, even with the way the market is at the moment - although to be frank it's pretty unlikely. But in any case, that does not necessarily mean that your agent has somehow been at fault. After all, the whole point of pitching the asking price at a particular level is to attract buyers - not drive them away! Besides, it is generally accepted that most properties attract the maximum amount of buyer interest during their first 2 weeks on the market. Finally, let's not lose sight of the fact that you are under no obligation whatsoever to accept this - or any other - offer.

Taking all this into consideration, I would suggest that your agent has actually done a pretty good job - not only with the valuation, but by skillfully filtering your potential buyer from his or her existing mailing list, and knowing that they were looking for a property like yours.

The real key question here is, how close is the offer to your asking price? Use the fact that this is the first viewing to play hard ball. Perhaps ask your agent to negotiate and/or clarify the buyer's bona fides. And don't agree to take your home off the market immediately. You don't have to do so, as long as you make your intentions clear, and it's always possible that this buyer may disappear back into the woodwork just as quickly as he or she popped out. But at the same time, be careful - you don't want to drive this buyer away, because in the current climate they might just be the only one you get.

our verdict

We visited two parks - one was called Raphael Park and the other was called Lodge Farm Park. Raphael Park was the biggest and it had a really big lake there. There were lots of ducks and swans to feed and we got a drink in the café. The other side of the park had this really good fitness area called the Legacy Gym, and it had these kind of weight lifting and exercising equipment which kids could use. They were really good and we had a go on all of them.

Joseph Chambers, 11

We went to Raphael Park first and walked along the lake. There were lots of ducks on the lake and some of them had babies. There were lots of children feeding them. We found a café and stopped to have a drink and played in the park for a while. We then went

across the road to Lodge Farm Park where I rode my bike and we had a go on the Legacy Gym which has gym equipment for kids. It is really good and I wish our local park had it too.

- **DIRECTIONS:** Raphael Park and Lodge Farm Park can be found off Main Road, Romford, which is just a short drive from the A127. The main entrances to both parks are in Main Road and there is a car park at Lodge Farm Park.
- **ENTRANCE:** Free.
- **OPENING TIMES:** The park is open every day from 8am and closes 30 minutes after sunset with the exception of June and July when it closes at 9pm.
- **FURTHER INFORMATION:** Call Havering Parks and Open Spaces Services on 01708 434743 or visit www.friendsraphaelpark.org.uk or www.rtfpp.org.uk. For more information about Raphael Park Tennis Club, visit www.raphaelparktc.com

Outdoor exercising

LIZ WADE and her two boys let off some steam on their visit to Raphael Park and Lodge Farm Park in Romford

IT'S been years since I've visited Raphael Park in Romford so I thought I'd make a return trip to show the boys its beautiful lake and let them enjoy its ample open space.

I had remembered the park stretching from one side of Main Road to the other, but had never realised they were actually two different parks - Raphael Park and Lodge Farm Park.

The larger park, Raphael Park, has a very large lake which is lovely to walk along and is home to swans and ducks including great crested grebe and tufted ducks, who are always happy to gobble up a loaf of bread, much to the delight of the children feeding them.

The lake, which has two islands covered in woodland, attracts a large number of visitors every year including anglers who spend hours on its banks.

The land of Raphael Park was originally part of Gidea Hall, which was built in the 15th century. The estate changed hands many times until it was sold for development in 1893, before being resold to sir Herbert Raphael, a barrister and Liberal MP for South Derbyshire in 1897.

Mr Raphael gave some of the land to the Romford Urban District Council in 1902 for use as a public park and Raphael Park opened in 1904.

The park offers ample space for the kids to run around in, play football or ride bikes, and there is a café near the lake which is open throughout the week and weekend during the summer months, as well as

every weekend over the winter, serving hot and cold snacks, as well as drinks and ice creams for the kids.

There is also a children's play area to keep the kids amused, which is due to be replaced by a new one later in the year, and a number of tennis courts belonging to Raphael Park Tennis Club, which runs a pay and play scheme for both members and non members.

Its bandstand is home to performances during the summer and its Rockery Performance area is used by the Romford Summer Theatre Company during the middle two weeks of June when they give six performances of a Shakespeare play.

After exploring Raphael Park, we crossed Main Road and entered Lodge Farm Park where we found a Legacy Gym, which has amazing pieces of fitness equipment designed for kids.

I had never seen one before and thought it was a brilliant idea, as it's a great way to keep older kids amused, while their younger siblings burn off some steam in Lodge Farm Park's children's play area.

The boys informed me they had already seen a Legacy Gym in another park while out with their nan, so they showed me how the equipment worked.

The Legacy Gym promotes the idea that 30 minutes of exercise five times a week helps you stay fit and healthy and avoid ill health, and it encourages young visitors to use the equipment to build some of that exercise into their daily routine - for free.

The gym has several pieces of

WORK IT: The boys try out the Legacy Gym.

equipment set out in different zones including The Cardio Zone, The Tone Zone and the Chill Out Zone.

The Cardio Zone is designed for sustained activity which helps to develop the function of the heart and lungs.

The Tone Zone helps improve joint control, strength and power, posture and stability,

while helping with muscle definition and overall tone, and the Chill Out Zone includes equipment which help you warm up and cool down after a workout.

Both Joseph and Joshua spent ages on the equipment at the Legacy Gym, and really liked the open space of Raphael Park, so a combined visit to both parks was a great idea.

Affordable eating out

EATING out is still affordable at Slassors, thanks to its new deals and its long established 'bring your own wine' policy.

The restaurant, on Eastern Esplanade, offers a value-for-money way to enjoy the finest international and English cuisine.

Its owners, Martin Traylor and Nina Chopping, took over the restaurant six years ago and have built on its huge success.

They have now introduced all day breakfasts for £4.95 (£3.95 for pensioners) as well as a range of affordable light lunches including prawn cocktail, grilled goat's cheese, home-cooked gammon ham, roast beef and ploughmans.

Its ever-popular breakfasts are a must at a value-for-money price of just £4.95. The good quality breakfasts, with meat from a local butcher, includes two slices of bacon, sausage, egg, mushrooms, grilled tomato, beans and toast.

It also now offers a midweek special deal allowing diners to enjoy a three-course meal for £16.95 from Tuesday to Thursday.

Add to this Slassors' policy of bringing your own wine to accompany your meal, with just a 95p corkage charge, and you have a recipe for an affordable night out.

Slassors, which uses only the freshest ingredients, also serves an a la carte menu with mouthwatering dishes including duck, lamb, steak and fish. Sauces are a speciality, along with homemade sweets.

All of Slassors' food is freshly

cooked to order and staff are happy to prepare food for any dietary needs.

The long-established restaurant is an ideal setting for diners who want a relaxing evening lingering over a meal, as it operates a nice-and-easy policy where customers can enjoy their table for the whole evening.

Slassors is the ideal place for festive celebrations and staff are now taking bookings for pre-Christmas

meals. Its festive menu costs £27.50 per person for a four-course evening meal, and £21.95 for a three-course festive lunch.

They are also taking bookings for Christmas Day, as well as for New Year's Eve, when guitarist, Lee Pankhurst, will be providing the entertainment.

Anyone interested is urged to call for further information and to book early to avoid disappointment.

The restaurant, which serves soft drinks but does not have a drinks licence, is open from Tuesday to Saturday for breakfast, lunch and evening meals.

It is also available to book for parties - for a minimum of 15 people - both during the week and at the weekend.

For further information or to book a table, call Slassors on 01702 614880.

Superb Italian cuisine

Advertisement feature

SOME of the finest Italian and continental dishes in town are served at a long established and extremely popular restaurant in Westcliff.

Spaghetti Junction Restaurant offers customers the chance to dine in comfortable surroundings and enjoy mouth-watering dishes to satisfy any culinary longing. While famous for its excellent pizzas and pastas, Spaghetti Junction also has a fine reputation for providing a wide range of other dishes. There is a variety of fantastic fish to choose from such as Dover sole, trout, sea bass, squid, skate to mention but a few. For those who prefer meat or poultry, again there is a wide range on offer such as succulent steaks, veal, chicken and duck dishes. Keeping up its truly continental flavour, there are dishes from all over Europe including paella, risotto, chicken calvados, beef espetada and many many more. The restaurant also provides a good selection of vegetarian foods.

The fantastically extensive A La Carte Menu is available from Monday to Saturday evening and as well as its huge range of main courses it offers a choice of many delicious starters to suit all tastes. In addition there is also a Chef's Specials board to choose from.

The original Pizza and Pasta Menu is available from Monday to Friday evening. The real value for money price of £7.95 includes a starter as well as a

pasta or pizza dish from a wide range of choices. However, because we know that some of our customers prefer a dessert to a starter we have now introduced our Special Duo Menu, available from Monday to Friday evenings. This great menu offers a choice of Main Course and Dessert for the unbelievable price of £7.50 and this is proving to be extremely popular.

Also available from Monday to Friday evening at the fantastic price of £13.95 is the Three Course Set Menu and on Saturday evenings, for those who prefer an alternative to the A La Carte Menu, there is the Special Saturday Three Course Menu available at £19.95.

Another innovation is our Children's Menu offering a variety of dishes for £3.95, which is available from Monday to Saturday. (All our prices include VAT and no service charge is added.)

Spaghetti Junction Restaurant in recent years has gained a reputation for its excellent desserts. The extensive Dessert Menu offers diners a choice ranging from delicious pancakes and waffles to apple pie and cheesecake not forgetting the mouthwatering array of irresistible ice creams including butti-nutti, minty miracle, walnut wonder and the new additions of butterscooon and tropical triumph, again to mention but a few. For the children (and for adults who haven't grown up!) there are the ever popular smartie pants, saucy clown and banana express.

As well as being the perfect location

for a meal with family or friends, the restaurant is also ideal for parties of up to around 30 people. It can also offer its premises for private functions. For those wishing to chill out in their own home without the hassle of cooking there is also the opportunity to taste the delights of any dish from the A La Carte Menu thanks to Spaghetti Junction's takeaway service.

With so much on offer why wait? Just pick up the phone and call 01702 473388 to make a reservation in the restaurant or to order a 'meal to go'. The restaurant is also now taking bookings for Christmas for which anyone interested is urged to call for further information.

Spaghetti Junction is situated at 767 London Road, Westcliff (opposite Chalkwell Park) and is open from Monday to Saturday evenings from 6pm till late.

Don't forget too that Spaghetti Junction's 'little sister', Spaghetti Junction Café is now open at 68 London Road, Southend (opposite Sainsburys). The café is open from 8.30am to 3.30pm Monday to Saturday and from 10am to 3pm on Sunday for a wide variety of all-day breakfasts, lunches, pastas, roast dinners, salads, sandwiches, jacket potatoes, cakes, ice creams, coffees etc.. There is also a take-away service available and orders can be made for picking up at a time convenient to the customer. Just phone 01702 473388 for details.

Volkswagen's sixth sense with Golf

by Steve Walker

AN UPMARKET interior, some advanced engine technology and a host of technological innovations make the sixth generation Volkswagen Golf a formidable presence in the family hatch sector. Retaining the best bits of the outgoing model, it moves the Golf game on yet again.

Most people who've driven it are of the opinion that the fifth generation version of the Volkswagen Golf is a very good car. Very good, however, is not quite good enough for Volkswagen and the marque is seeking to up its game another few notches with the sixth generation of its legendary hatchback.

It has been said that the fully-independent suspension system on the MkV Golf was the cause of its problems. The advanced system worked like a charm but the costs of developing and manufacturing it necessitated the cutting of corners in other areas, notably the cabin quality. The MkVI Golf retains the clever underpinnings of the MkV but increases levels of perceived quality to reassert its position at the plusher end of the family hatch class.

Under the bonnet, customers have a choice of five petrol and four diesel engines. Petrol units are a 1.4-litre

with 80 PS or a 1.6-litre with 102 PS, plus 1.4-litre TSI powerplants with 122 or 160 PS and the 2.0-litre TSI from the GTI. The TSI units utilise a turbocharger, and in some cases a supercharger as well, to produce a smooth flow of power across a wide section of the rev-range. Want a diesel? There are a couple of 2.0-litre common rail diesels offering power outputs of 140 or 170 PS. Further down the range, the 1.6-litre oil-burner is available with 90 or 105PS. A number of options are available on the Golf for the first time, including Volkswagen's Adaptive Chassis Control (ACC) which allows the driver to select from normal, comfort or sport modes to define the desired suspension, steering and accelerator response settings for any particular journey. ParkAssist, which takes over steering inputs to facilitate parallel parking manoeuvres, is also available as an option.

Riding on the same underpinnings as the MkV Golf, you won't be expecting the MkVI model's road-going performance to be anything other than highly polished. It uses a combination of MacPherson struts at the front wheels and four-link suspension at the rear promising to replicate the supple ride and adroit handling of its predecessor. The electro/mechanical steering system is also carried over, enabling an 11m

turning circle. Power is fed to the wheels through a standard six-speed manual gearbox, but the fast-shifting seven-speed DSG twin clutch gearbox is also available.

Volkswagen was never about to break with tradition where the Golf's styling was concerned. A clear design lineage can be traced back to the original Golf circa 1974 and breaking that in favour of some bold new styling direction would have been completely out of character for the German marque.

It's the interior, though, where the most obvious alterations have been made. Quality soft-touch plastics are everywhere and virtually every available button or dial gets its own chrome border. The instruments that used to illuminate in blue are now bright white but the overall shape of the dash is similar to that in the MkV Golf. There's a big step forward in terms of refinement however, thanks to a completely new design of door and window seals, a new damping film that supports the windscreen and a new engine mounting system.

This Golf is available in five trim levels - S, SE, GT, GTD and GTI - but there are also fuel efficient BlueMotion models to consider based on the 1.6 TDI engine. All models boast a high level of standard specification. The S has, among a number of features, ABS and ESP (Electronic Stabilisation Programme), seven airbags, remote

central locking, Climatic air conditioning, a CD/radio, plus body-coloured bumpers, door handles and electrically heated and adjustable door mirrors.

Moving to SE trim adds an uprated stereo with eight speakers and an MDI (multi-device interface) for connection to external multimedia sources such as an iPod, then there are 16-inch alloy wheels, cruise control and a coming/leaving home lighting function, as well as rain and dusk sensors. GT buyers will benefit from sports suspension (lowered by around 15 mm), sports seats with Alcantara trim, front fog lights and a multifunction steering wheel, plus 17-inch alloys.

The Golf's key rivals include the likes of Ford's Focus, Peugeot's 308 and Honda's Civic, cars that have relentlessly hunted

down the MkV Golf over recent years. These models have narrowed the advantage that the Volkswagen held with improved quality and plusher interiors of their own but the MkVI Golf is aiming to jump ahead once more.

The sixth generation Volkswagen Golf isn't the giant leap forward that some of the other iterations have been but then, it didn't really need to be. The car is a thorough and far-reaching facelift of the previous generation model, retaining the highly adept chassis but making significant improvements in virtually every other area. The revised interior is the most noteworthy of these as it addresses the one area where the previous model came in for sustained criticism. With its high quality image restored, the Golf will take some beating.

IMPROVEMENT: The VW Golf.

Vehicle Dismantlers

End of the road for your vehicle?

Responsible drivers scrap their vehicles at an Authorised Treatment Facility (ATF).

Because only an ATF can legally scrap a vehicle. That means any pollutants will be made safe before it's recycled in an environmentally friendly way.

What's more, for certain types of vehicle you'll get a DVLA approved Certificate of Destruction (CoD). A CoD proves that the ATF has told DVLA your vehicle has been scrapped and so is no longer your responsibility. www.direct.gov.uk/motoring

motoring news

What a hoot

WITH over 30 billion beeps hooted a year - many of them inappropriately - car horns are apparently driving us Brits beeping mad.

Over 90 per cent of motorists regularly violate the Highway Code by using their car horn inappropriately.

Despite the traditional British reputation for impeccable manners, the sound of a car horn literally causes good behaviour to go 'out of the window' as more than one in ten (13 per cent) of motorists questioned in a recent survey admitted to aggressive behaviour as the result of a blown horn.

Over one million drivers (five per cent) even slowed down or hit the brakes when they were hooted at, causing potential danger on the roads.

Of the 1,000 motorists questioned by esure car insurance, over 70 per cent said that the main reason for using their horn was 'impolite' driving by others on the road. The top road offences include:

- * Trying to push into a queue at the last minute (24 per cent)
- * Taking a disabled person's parking spot when not disabled (23 per cent)

- * Pulling out in front of a fellow motorist (19 per cent)
- * Not indicating when overtaking or turning (19 per cent)

Over a third of motorists (37 per cent) become 'angry' when another driver questions their competence by beeping their horn, and a further 30 per cent admitted that they felt 'stressed' when hooted at.

However, most worryingly, a massive 75 per cent of the motorists questioned believe that the sound of the car horn can contribute to road rage.

To help reduce the stress caused from the noise of car horns, 44 per cent of motorists thought that having a two-tier horn, with both the conventional horn sound and a less aggressive tone, would alert drivers of the vehicle's presence without causing negative feelings of stress or anger.

Parents cars reviewed - by their own children

by Jonathan Crouch

If we're parents, then we tend to assume that our kids don't really have much of an opinion on our chosen car.

As long of course, as it turns up on time to collect them from school and adequately performs a sufficiently efficient taxi service for whatever cubs/brownies/dancing lessons/parties/sleepover event happens to be on their agenda.

Yet in that, we might be wrong. Kids have a surprisingly incisive opinion on most things and cars are no exception.

To prove the point, we invited a selection of eight and nine year-old pupils from Dunottar School in Reigate to tell us their opinions on their parents' cars. Here's how they responded with some very interesting points.

**Annie Smith - nine
Mum & Dad's Car -
Mercedes SL**

The Mercedes is the most coolest car in the world.

I think it goes very, very fast and is comfortable.

I also think it looks amazing in glitzy silver. It feels very safe, even though the roof opens - automatically forward and backwards.

I particularly love it when the roof is down because you really hear your speed and the air rushing past.

The one thing I don't like about the Mercedes is that my one has no back seats!

The other thing I would change is to make my dad drive a bit more slower.

Still, the main thing is that it is a very very, very good looking car.

**Jessica R - eight
Mum & Dad's Car -
Porsche 911**

Carrera 4 Cabriolet

This car is so cool. Its seats are furry so you can keep warm and it is very comfortable.

The air-conditioning is very cold but you can make it warm as well.

There are four seats (which you can move back) and lots of storage.

Though the car is quite small inside, there is enough room for one friend to travel with me.

The roof can come off if

you are hot and when it comes down, I normally tie my hair back. The only thing I would change is the boot because it is too small. My favourite part of the car is the furry seats.

**Harriet Sweet - nine
Mum & Dad's Car -
Saab 9-5**

Do you want to look cool like a movie star? Then drive a Saab 9-5 like my Dad's!

It is very comfortable and there is room for three in the back.

There's air conditioning which flows right back on you and is very refreshing and you can choose cold air or hot or both as you're driving along.

This car has three cup holders for all sorts of drinks and it has a storage compartment for CDs.

Plus it has really cool sunvisors. I think that everyone should have a Saab because it is one of the coolest, fastest cars.

It also has enough room to stretch out, especially when on long journeys which take forever.

It seems that kids notice more than we think....

CONDITIONS OF ACCEPTANCE FOR ALL ADVERTISEMENTS

Orders are accepted by the Publishers subject to the Standard Conditions agreed between the Newspaper Society and the Institute of Practitioners in Advertising. That:

1. Advertisements are accepted on the conditions that (a) descriptions relating to goods are accurate and in no way contravene the provisions of the Trade Descriptions Act 1968, and the Fair Trading Act 1973, and (b) the copy complies with the British Code of Advertising Practice.

Advertisements offering credit or hire facilities must conform to the Consumer Credit (Advertisements) Regulations 1980.

2. Classified Advertisers offering goods or service of a business, commercial or trade nature will, at the discretion of the Publishers, be deemed 'Trade Advertisers', and as such, must include their names in advertisements. A telephone number is an optional addition to these requirements and not an alternative.

To comply with the Business Advertisements (Disclosure) Order 1977, Trade Advertisers must make it clear that they are selling goods in the course of business either by content, format, size, position of the advertisement or by the inclusion of the words such as 'trade', 'dealer', 'agent', 'wholesaler', '(T)' etc. in the advertisement.

3. The Publishers accept no liability whatsoever for any loss or damage however caused arising out of:

(a) Any error, inaccuracy or omission in the printing or publishing of any advertisement;

(b) Any failure to publish an advertisement on the day / date or day / dates specified by the advertiser; or

(c) Any delay in forwarding or omission to forward replies to box numbers to the Advertiser.

4. The Publishers will endeavour to publish advertisements on the day / date or day / dates specified by the Advertiser but insertion days / dates cannot be guaranteed.

5. Where shrinkage of advertisement occurs for whatever reasons the advertisement will be charged to the nearest full centimetre. This will NOT apply to the full-page advertisements, which remain full pages even after shrinkage.

6. The Publishers reserve the right to reject an advertisement or to vary it in any way they deem fit, at any time before publication, whether or not the advertisement has already been accepted for publication.

7. Whilst every effort is made to minimise errors in advertisements, mistakes do sometimes occur. Advertisers or their agents should therefore check their advertisements and inform us of any errors immediately. Responsibility cannot be accepted for more than one incorrect insertion. Typographical or minor changes, which do not affect the value of the advertisement, do not qualify for republication or allowances.

8. All gross advertising rates (except classified finance and semi-display) are subject to and include a 0.1% Advertising Standards Board of Finance surcharge, payable by the advertisers to help finance the self-regulatory control system administered by the Advertising Standards Authority.

9. All rates quoted are subject to VAT at the rate currently in force at the time the advertisement appears.

10. Should the rate for advertisements be altered the price for remaining insertions shall be revised accordingly or the publishers shall have the right to cancel the unexpired portion of the order.

11. The placing of an advertisement order will be deemed an acceptance of these conditions.

12. Account facilities are granted at the discretion of the Company.

13. All accounts must be settled within the terms agreed by the Company and the Customer.

(1) Should an advertiser be in breach of the agreed terms, the publisher shall be entitled to levy a 10% surcharge on the value of the whole deal in respect of accounts with terms of less than 30 days, and any discounts or commissions that had been allowed will be reclaimed.

(2) Regular monthly accounts that are in breach of the agreed terms will pay an interest rate of 6% above the current bank of England base rate for each month that the account is overdue and discounts or commissions that had been allowed will be reclaimed. Should legal action be required the interest will be charged in accordance with the County Court Act 1984.

14. Where an advertiser instructs / appoints an advertising agent to act on their behalf, the advertiser will remain jointly and severally liable for payment in respect of an advertisement(s) should the appointed agent fail to pay. For the avoidance of doubt, the agent acts for the advertiser and not for the publisher with the agent being responsible for notifying the advertiser of this liability.

15. All queries must be notified, preferably in writing to the accounts department of the publisher within 7 days of the invoice date.

16. All digital services are maintained in partnership with the publishers' hosting service providers. Every effort is made to ensure the continuity of these services, but some occasional technical downtime beyond the publishers control may occur. The publisher and its associated companies shall be under no liability if the production and distribution of web services is delayed or prevented by any cause beyond the control of the publisher.

17. The Publisher may provide voucher copies for published advertisements in electronic form only subject to certain criteria. Further information is available on request.

18. The copyright of advertisements produced wholly or partially by the Publishers belong to the Publishers. Advertisers may not reproduce such advertisements without the Publishers' consent.

Box Numbers

Boxes are open for the receipt of bona fide answers and are not available for distribution of trade canvassing matter. Original testimonials, gifts, cash, cash stamps or payments of any kind must not be enclosed. A box Number and postal address are charged as part of the advertisement, i.e. Box No., centre address. There is no charge for forwarding replies.

Box numbers alone are not available for use in 'Trade' advertisements, other than Employment and Business Opportunities.

We may need to share your information with other lenders and credit reference agencies. However, we will only use the information from these searches to make credit-granting decisions and, if necessary, for fraud prevention or tracing debtors.

Data controller will use your information for administration and analysis. We may share your information with other Trade Group Newspaper companies or carefully selected third parties. We, or they, may send you details of other goods and services, which may be of interest to you. The information may be provided by letter, telephone or other reasonable means of communication. Calls may be recorded or monitored for training purposes.

Special conditions apply with regard to the advertising of adult services, which are outlined to all persons submitting such advertisements.

Find the right job for you

Get behind the wheels of steel

TALENT, attitude and personality are essential if you want to cut it in this profession.

Time was when only blokes could make it as DJ but a new breed of female DJs like Lottie and Lisa Lashes are clearing the decks for younger women.

Bird or bloke, most DJs start the same way – two decks and a mixer in the bedroom and the beginnings of a record collection.

It's not cheap – Technics, the industry standard, costs around £800, and then there's records on top.

Be prepared to put in the hours. Any old muppet can play records but it takes months, even years to develop your own style and that's what punters and promoters are looking for.

This done, the next step is self-promotion on a big scale. Roughly speaking this means shaking hands

and licking...err, envelopes.

Lay down some tracks and hawk your tape or CD around to anyone and everyone.

In this industry, it's not what you know, but who you know.

So get yourself out and about, suss out the in-crowd – the promoters, the clubs and other DJs – and start making contacts.

Another option is to bypass the promoters, find a bar or club and organise your own night.

This is where it becomes more of a business than a passion – you'll have to learn everything from sales and promotion to negotiation skills, quite possibly the hard way.

But if you like to control your own destiny, this could be for you.

If you're any good, you'll have built up a name and a following within months. And that's when it starts to get exciting.

You must be...

sounds stupid, but you've got to be good. Just because you've got 1,000 records doesn't mean you'll be much cop. An understanding of the music is vital, and you'll need to be a tireless networker.

For

If you love music, it's all your birthdays and Christmases rolled into one. Then there's the buzz of seeing a sea of people enjoying themselves because of you.

Against

Backstabbing and bitchiness – it is show-biz after all.

Money

Big names can earn up to £18,000. Not bad for a night's work.

CONDITIONS OF ACCEPTANCE FOR ALL ADVERTISEMENTS

Orders are accepted by the Publishers subject to the Standard
Conditions agreed between the Newspaper Society and the
Institute of Practitioners in Advertising. Save that:

1. Advertisements are accepted on the conditions that (a) descrip-
tions relating to goods are accurate and in no way contravene the
provisions of the Trade Descriptions Act 1968, and the Fair Trading
Act 1973, and (b) the copy complies with the British Code of
Advertising Practice. Advertisements offering credit or hire facilities
must conform to the Consumer Credit (Advertisements)
Regulations 1980.
2. Classified Advertisers offering goods or service of a business,
commercial or trade nature will, at the discretion of the Publishers,
be deemed 'Trade Advertisers', and as such, must include their
names in advertisements. A telephone number is an optional addi-
tion to these requirements and not an alternative.
3. To comply with the Business Advertisements (Disclosure) Order
1977, Trade Advertisers must make it clear that they are selling
goods in the course of business either by content, format, size or
place of the advertisement or by including words such as 'trade',
'dealer', 'agent', 'wholesaler', '(T)' etc. in the advertisement.
4. The Publishers accept no liability whatsoever for any loss or
damage however caused arising out of:
(a) Any error, inaccuracy or omission in the printing or publishing
of any advertisement;
(b) Any failure to publish an advertisement on the day / date or
day / dates specified by the advertiser; or
(c) Any delay in forwarding or omission to forward replies to box
numbers to the Advertiser.
5. The Publishers will endeavour to publish advertisements on the
day / date or day / dates specified by the Advertiser but insertion
days / dates cannot be guaranteed.
6. Where shrinkage of advertisement occurs for whatever reasons
the advertisement will be charged to the nearest full centimetre.
This will NOT apply to the full-page advertisements, which remain
full pages even after shrinkage.
7. The Publishers reserve the right to reject an advertisement or to
vary it in any way they deem fit, at any time before publication,
whether or not the advertisement has already been accepted for
publication.
8. Whilst every effort is made to minimise errors in advertise-
ments, mistakes do sometimes occur. Advertisers or their agents
should therefore check their advertisements and inform us of any
errors immediately. Responsibility cannot be accepted for more
than one incorrect insertion. Typographical or minor changes,
which do not affect the value of the advertisement, do not qualify
for republication or allowances.
9. All gross advertising rates (except classified lineage and semi-
display) are subject to and include a 0.1% Advertising Standards
Board of Finance surcharge, payable by the advertisers to help
finance the self-regulatory control system administered by the
Advertising Standards Authority.
10. All rates quoted are at VAT at the rate currently in force
at the time the advertisement appears.
11. Should the rate for advertisements be altered the price for
remaining insertions shall be revised accordingly or the publishers
shall have the right to cancel the unexpired portion of the order.
12. The placing of an advertisement order will be deemed an
acceptance of these conditions.
13. Account facilities are granted at the discretion of the Company.
All accounts must be settled within the terms agreed by the
Company and the Customer.
- (1) Should an advertiser be in breach of the agreed terms, the
publisher shall be entitled to levy a 10% surcharge on the
value of the whole debt in respect of accounts with terms of
less than 30 days, and any discounts or commissions that had
been allowed will be reclaimed.
- (2) Regular monthly accounts that are in breach of the agreed
terms will pay an interest rate of 6% above the current bank
of England base rate for each month that the account is over-
due and discounts or commissions that had been allowed will
be reclaimed. Should legal action be required the interest will
be charged in accordance with the County Court Act 1984.
14. Where an advertiser instructs / appoints an advertising agent
to act on their behalf, the advertiser will remain jointly and sever-
ally liable for payment in respect of an advertisement(s) should
the appointed agent fail to pay. For the avoidance of doubt, the
agent acts for the advertiser and not for the publisher with the
agent being responsible for notifying the advertiser of this liability.
15. All queries must be notified, preferably in writing to the
accounts department of the publisher within 7 days of the invoice
date.
16. All digital services are maintained in partnership with the pub-
lishers' hosting service providers. Every effort is made to ensure
the continuity of these services, but some occasional technical
down-time where the publisher's control may occur. The publisher
and its associated companies shall be under no liability if the pro-
duction and distribution of web services is delayed or prevented by
any cause beyond the control of the publisher.
17. The Publisher may provide voucher copies for published
advertisements in electronic form only subject to certain criteria.
Further information is available on request.
18. The copyright of advertisements produced wholly or partially
by the Publishers belong to the Publishers. Advertisers may not
reproduce such advertisements without the Publishers' consent.
- Box Numbers**
Boxes are open for the receipt of bona fide answers and are not
available for distribution of trade canvassing matter. Original testi-
monials, goods, cash, cash stamps or payments of any kind must
not be enclosed. A box Number and postal address are charged as
part of the advertisement, i.e. Box No., centre address. There is no
charge for forwarding replies.
- Box numbers alone are not available for use in 'Trade' advertise-
ments, other than Employment and Business Opportunities.
- Holiday & Travel Category**
All advertising must contain the name of the advertiser, phone
number alone are not permitted.
- Data Protection**
The service you have requested may require us to carry out a
credit search at a credit-referencing agency, which will record the
fact that a search has been made. We may need to share your
information with other lenders and credit reference agencies.
However, we will only use the information from these searches to
make credit-granting decisions and, if necessary, for fraud preven-
tion or tracing debtors.
- Data controller will use your information for administration and
analysis. We may share your information with other Tindle Group
Newspaper companies or carefully selected third parties. We, or
they, may then use the details of other goods and services, which may
be of interest to you. The information may be provided by letter,
telephone or other reasonable means of communication. Calls may
be recorded or monitored for training purposes.
- Special conditions apply with regard to the advertising of adult
services, which are outlined to all persons submitting such adver-
tisements.

Karter Foster-Jones sets up thrilling finale

Motorsport

THORPE Bay karting star Robert Foster-Jones trounced the opposition in Sunday's penultimate round of the British kart championship.

The 18-year old was in electrifying form right from the outset. Carrying his superior Friday practice pace into timed qualifying the former Shoebury High School student recorded the fastest lap around the tight, relatively short, Larkhall circuit in Lanarkshire.

From pole position, he took a brace of dominant heat wins to ensure that he would start the first of Sunday's two-points scoring finals with an open track ahead of him.

As the lights flicked to green, he made good his advantage as the tightly bunched pack jostled and jockeyed for position behind him. From there, he set about building a

Chris Walker/Kartpix

gap and having gained over a half a second advantage over his nearest pursuer – four-time British Champion, Mark Litchfield – was

able to take another comfortable win.

Robert's triumph also helped him to close the gap on the current

points-leader, Ben Cooper, who had been forced to retire after a collision. Furthermore, with Cooper feeling the effects of acute tonsillitis and unable to start the second race, Foster-Jones knew that he could blow the championship wide open if he won again.

Once again, he brushed aside the opening lap challenges and powered to his third victory of the season in the sport's premier category, KF1.

"I've closed the gap down to eleven points, and with that sort of form I think I have a great chance of taking it to the wire," Robert said. "It's going to be very interesting and the title is definitely a possibility, but I'm one of four who could now win."

The conclusion of this fascinating championship will take place at Fulbeck in Lincolnshire on October 17 and 18.

Higgs denies Blues victory over league leaders Leeds

Southend United

SOUTHEND United missed out on taking the three points, but did manage to halt leaders Leeds United winning start to the season at Roots Hall on Friday night.

Lee Barnard had the chance to end Leeds' eight game winning streak, but his penalty was saved by Shane Higgs in the 66th minute and the game ended in a goalless draw.

Blues boss Steve Tilson felt his side should have won the match.

He said: "It was a very good performance from us tonight. We had the better chances on the night and should have won the game."

"It is a good result though against one of the top two sides in this league and keeps our unbeaten run at home going."

"It was a fantastic save from their goalkeeper to deny Barney from the spot and he also made some good saves in the first half."

The first half saw early chances for Leeds but Leigh Bromby and Jermaine

Beckford failed to take them.

As the half went on, the Shrimpers took hold of the match with Higgs having to produce all the stops to keep out Francis Laurent's effort, while Anthony Grant should have done better with the goal at his mercy.

He headed Franck Moussa's deflected cross over the bar.

In the second half, chances were few and far between but the Shrimpers had the perfect opportunity when Barnard was fouled by Bromby and referee Paul Taylor pointed to the spot.

In-form Barnard stepped up but Higgs guessed correctly to push the ball past the post.

Adam Barrett produced a last ditch tackle to deny Beckford when he raced through on goal, but it could have been Leeds who grabbed a late winner.

First, Beckford was denied by a superb save by Blues keeper Steve Mildenhall at close range, while sub Mike Grella headed over, meaning it ended goalless.

Southend travel to Brighton on Saturday, kick-off at 3pm.

Clarets claim their third win on the bounce

Non-League Football

CHELMSFORD City left it late to claim their third straight win in the Blue Square South on Saturday.

Anthony Cook's second half injury time winner helped the Clarets see off Staines Town with a 1-0 victory, just minutes after Dave Rainford had missed a penalty.

Thurrock continued their good run of form and jump back into the play-offs with a 2-1 win over bottom club Weymouth at Ship Lane. The visitors, who are in financial trouble, took the lead after 15 minutes through Josh Klein-Davies.

However second half goals from Phil Anderson and Matt Payne ensured another win for Fleet.

In the FA Cup First Qualifying Round, Aveley of the Ryman League Premier avoided a giantkilling after earning a replay against London Colney.

The team from the Molten Spartan South Mid-

lands Football League went ahead through Dave Parkinson on 62 minutes, but Nicky Symon's prevented a big shock, equalising with 13 minutes to go.

Canvey Island lost a three-goal lead to draw with Hitchin Town, leaders of the Zamaretto Southern League Division One Midlands league.

In a classic cup-tie, the Gulls were 3-0 up through Jay Curran, James Rowe and Greg Cohen, with Luke Donnelly pulling one back for Hitchin before half-time.

The second half saw Gulls keeper James Russell make a penalty save, but he conceded another moments later and was sent-off.

Jamie Arlick converted the resulting penalty and Hitchin earned the replay through Zak Burke.

Billerica Town eased through with a 3-0 win at league rivals AFC Hornchurch - Joe Flack (2) and Billy Bricknell on the scoresheet.

Ryman League Division One North Waltham

Forest went down to a late Lee Allinson goal for Ryman League Premier Boreham Wood, while Division One North leaders East Thurrock United saw off league rivals Ware with a 4-1 win, Kris Newby bagging a double.

Molten Spartan South Midlands Football League side Harefield United saw off Division One North's Maldon Town with a 3-1 win, while Stanway Rovers of the Ridgions Premier League held Heybridge Swifts of Division One North with a 1-1 draw.

Division One North pair Romford and Concord Rangers drew 1-1, while a third, Enfield Town, produced one of the shocks of the round beating Ryman League Premier's Waltham Abbey with a 1-0 away win.

Two matches took place in Ryman League Division One North. Leyton won 2-0 at bottom side Cheshunt, while Great Wakering Rovers and Tilbury drew 1-1.

Rugby Union

Victory for Barking while Southend held to a draw

BARKING continued their impressive start of the season to top National League Division Two South.

After their opening day victory last week, Barking made it two wins out of two after seeing off Canterbury 48-20 on Saturday.

Meanwhile Southend picked up their first points after their 22-22 draw at league newcomers Shelford.

In London One North, Chingford continued their unbeaten start to their campaign with a 30-19 win over Civil Service.

Brentwood got their first win of the season, beating Harpenden 27-21, along with Woodford who won at Stevenage Town 23-31. Rochford Hundred are still looking for their first points after losing 13-30 to Bury St Edmunds.

The first round of matches took place in London Two North East, with Colchester making the pace after their 42-10 win at Mersea Island.

Thurrock got off to a good start, winning 5-34 at Norwich, along with Romford & Gidea Park who recorded a 32-7 win at Harlow. Chelmsford saw off Ipswich 12-19.

Canvey Island made a winning start in London Three North East, winning 9-22 at West Norfolk.

Basildon did likewise with a narrow 20-24 victory at Dagenham, as did South Woodham Ferrers, winning 17-19 at Upminster.

However, Wanstead lost 29-11 at early leaders Lowestoft & Yarmouth, while Billericay went down 22-5 at Wisbech.

Motorsport

Stacey's title hope

A HISTORIC motorcycle racer is close to clinching his second successive championship.

Stacey Killworth, from Southend, has been competing for BK Triumph in the British Historic Racing on his 1961 Triumph T110 in the Pre-1972 category.

He has moved 16 points clear of the championship with only one round to go and hopes to add the crown to the Pre-1962 category he won last year.

The latest rounds saw a long trip to Anglesey, in Wales, where they were met with wet and windy conditions.

With four races over the August Bank Holiday weekend, Stacey's weekend did not start well with gearing problems meaning a fifth place.

However, he managed to overcome those problems to claim three seconds in the remaining three races, but crucially finishing each race ahead of championship rival Ian Cramp, who also recorded his first retirement of the season.

Stacey said: "We had gearing problems in the first race, but we tinkered about with it and managed to turn it around."

"The wind was unbelievable, so with that and the wet conditions it was a case of riding sensibly."

"We did have a bit of luck with Ian Cramp suffering a DNF, its good to have the 16 point cushion. I would also like to thank John Smith Alloy Welders. They made up my exhausts two days before Anglesey and were a big help."

With one race meeting of four races over the weekend remaining, Stacey is keeping his fingers crossed. He said: "There are 60 points up for grabs so I'm going to try and treat the meeting as we have done through the season."

Stacey's team-mate Greg Smith suffered problems as he battles in the Pre 1962 class on a Triumph T110. The 31-year-old from Southend suffered misfire problems, meaning he has dropped to third, two points behind place.
